BURGLARS ROB TWO STORES

Loot Valued at $1,500 Recovered Today by Police Near Stores Robbed

FORCED REAR WINDOW

Stores of Bendheim and Son and Julius Wolf Entered—Quick Work by Police in Recovering Goods.

Wearing apparel valued at about $1,500 was stolen last night by burglars from the stores of D. Bendheim and Son, 417 and 419 King street and the store of Julius Wolf, 423 King street.

Articles stolen from the store of Bendheim and Son, were valued at more than $1,000 and from the store of Julius Wolf at about $500.

Practically all of the loot was recovered shortly after 9 o'clock this morning by Policemen Smith and Kerns.

The articles taken from the store of Bendheim and Son were found secreted in an old hack in the court bounded by Cameron, Pitt, Royal and King streets. They also found secured in this hack two bags of money amounting to about $40 stolen from the store of Julius Wolf

Articles stolen from the store of Julius Wolf, with the exception of some corset covers, were found in a small alley in the rear of the Postal Telegraph office.

The only thing stolen from the store of Bendheim and So far as known that has not been recovered include a number of War Saving Stamps

The place where the loot was hidden is less than a square from the stores that were robbed and the police are of the opinion that the burglars were afraid to attempt to get away with their plunder and intended to take it away today. A tin box which contained some valuable papers taken from the store of Mr. Wolf was found in the alley directly in the rear of his store. The papers were intact. A small amount of money, however, had been taken.

Entrance to both stores was made from the rear by breaking windows

At the store of Bendheim and Son the robbers simply broke the glass and after entering the store selected some of the best garments including silk dresses, silk waists, silk hosiery, underwear and a host of other articles.

The robbers who entered the store of Julius Wolf before breaking the glass in a rear window wrenched the iron bars out of place, the wood supprting them being decayed.

They found the safe open and broke open small wooden drawers and looted them and scattered papers about the floor after which they selected some of the best articles in the store before leaving. The total cash taken amounted to about $40. Only a small amount of cash was taken from the store of Bendheim and Son.

CLERGY OBJECT TO AIR CIRCUS

Raising objections among other matters to the aerial circus staged here Sunday in the interest of the Victory Liberty Loan drive, members of the Washington Presbytery, in assembly at the Sixth Presbyterian Church, at Sixteenth and Kennedy streets northwest, went on record yesterday as censuring all commercialized amusements and money-making schemes on the Sabbath which prevent the churches from fulfilling their duties.

The objections were in the form of several unanimously adopted resolutions presented by the Rev. Wilbur F. Crafts.

Pertaining to the aerial circus, the resolution read: "We ask the Secretary of the Treasury to call on all who would aid the war loan not to alienate Christian citizens by promoting the loan through either the Sabbath desecraton, or any form of gambling. Our people do not need to be cajoled to repeat the patriotic sacrifices which they have made so often in the great war."

WORK OF THE CONFERENCE

Will Soon Invite German Plenipotentiaries to Versailles

Paris, April 15.—President Wilson last night gave out the followihg statement:

"In view of the fact that the questions which must be settled in the peace with Germany have been brought so near to complete solution that they can now be quickly put through the final process of drafting, those who have been most constantly in conference about them have decided to advise the German plenipotentiaries be invited to meet the reprsentatives of the associated belligerent nations at Versailles on April 25.

"This does not mean that the many other questions connected with the general peace settlement will be interrupted or that their consideration, which has long been under way, will be retarded.

On the contrary it is expected that rapid progress will now be made with those questions, so that they may also presently be expected to be ready for final settlement.

"It is hoped that the questions most directly affecting Italy, especially the Adriatic questions can now be brought to a speedy agreement.

"The Adriatic agreement will be given for the time precedence over other questions and pressed by continual study to its final stage.

"The settlements that belong especially to the treaty with Germany will in this way be got out of the way at the same time that all other settlements are being brought to a complete formulation.

"It is realized that though this process must be followed all the questions of the present great settlement are parts of a single whole."

PREPARES BELLS FOR PEACE.

Historic Metal to Chime on Signing of World Pact.

London, April 15.—The new chimes that are to ring out a clarion of peace from old Westminster's tower on the day the great pact of the nations is signed at Versailles now are cast and are being swung in the bell tower of the famous old cathedral.

Four in all, the newly fashioned bells have been provided to complete the ancient chimes of Westminster, silent through the war because of the cracking of some of the originals and the scarcity of metal which denied replacement.

One of the new bells is cast from one about which legend says that when the Spanish armada was scattered by the intrepid Sir Francis Drake this bell added its booming note to the chorus which rocked old London of Queen Bess' time. The older three were cast of new metal.

HOPES FOR NEW DECISION

Japanese Embassy Discredits Report of Delegates' Departure

Japan has yet to play her trump card on the racial equality amendment to the covenant of the league of nations, according to the Japanese embassy, which stated yesterday that the Japanse delegates would not consider their amendment finally passed upon until it was produced at a plenary session of the Peace Conference and three voted upon.

This indicates that the reported decision of the "Big Four," which is supposed to have rejected the amendment at the instance of Great Britain, is not taken as final by the Japanese peace plenipotentiaries.

Slight credence was placed by attaches of the embassy in the report that the Japanese delegation had been instructed by the Tokyo government to sever connections with the conference and to return home because of the rejection of the racial equality amendment. It was said that this could hardly be the case, as the plenary conference had not yet considered the amendment.

IN MEMORIAM

In sad but loving memory of my dear wife Emma Rebecca Ridgeway, who departed this life six months ago today, October 15th, 1918.

Sleep on Dear Emma, God's will is best
He called you home to peacefull rest
Your memory is as bright today
As in the hour you passed away.
The Golden gates were opened
A gentle voice said come
Jesus called my Emma
And she peacefully entered home.

COMMERCE BODY HOLDS MEETING

Report on Washington Conference For Improving Harbor Facilities

REPORT ON WHITE WAY

Housing Proposition Endorsed—Committee Appointed on Rates—Silver Plate for Gunston Hall

The regular monthly meeting of the board of directors of the Alexandria Chamber of Commerce, was held last night.

Aplications for membership were received from Dr. S. B. Moore, and Dr. Llewellyn Powell, and they were unanimously admitted to membership.

It was decided to extend to the citizens committee, appointed by the mass meeting, regarding a change in form of city government, the use of the rooms and facilities of this organization.

Report was made regarding a conference held with a committee from the Chamber of Commerce ,and the Board of Trade of Washington, D. C. which was held to jointly consider the industrial advancement, transportation facilities, and the rates of the Potomac river, also, the general improvement of harbor facilities for Washington, Alexandria, and intermediate territory; and that a committee from the Merchants and Manufacturers Association of Washington would be added and that the committee from each organization would be increased by three new members, and that a meeting would be held by this joint committee in Alexandria, in the near future.

With reference to the "White Way" or better illumination of King Street report was made of a recent interview with Engineer of the Washington Virginia Railway, and that this matter was progressing favorably so far.

The Board endorsed the Housing proposition, which was introduced by the Civic Bureau of this organization.

The matter of unsatisfactory schedules, rates, etc., was generally discussed ,and it was decided to send a committee to represent this organization at a meeting to be held by the State Corporation Commission on April 28th, The following committee was apointed to attend that hearing O. H. Kirk, and J. T. Preston.

As the colors of the "Gunston Hall" the first steamer launched by the Virginia Shipbuilding Corporation, were presented by this organization, it was decided that a silver plate setting forth this fact be presented to the Virginia Shipbuilding Corporation to be placed in the cabin of the "Gunston Hall."

The state convention of the Travelers' Protective Association meets in this city on May 9 and 10. An appropriation of $150 was made to assist in the entertainment of that convention.

To assist the business manage in his work, in and around our city it was decided to purchase an automobile for his use.

A report was made regarding a recent interview with the engineer of the Washington Southern Railway Company, and that plans had been made for the improvement of Union Station, which would provide separate toilets for white and colored men, and other improvements.

SHOOTS HIS WIFE'S FATHER

North Carolina Farmer Angered by Interference Between Couple

Durham, N. C., April 15.—Angered at interference between himself and his wife, Tom Barbor, 31 years old, a farmer, shot and killed Sam Clayton, his father-in-law. Neighbors said Mrs. Barbor was visiting her father's home when her husband appeared with a shotgun. He pointed the gun at his wife and she ran into the yard screaming. Her husband followed her. Clayton heard his daughter's screams and came to her assistance. Then Barbor shot Clayton, it is charged.

Barbor, who was arrested, will be examined as to his sanity.

NOTICE

GERMANY WOOS U. S.

First "Billet Doux" for Economic Aid Issued by Count Rantzau.

Berlin, April 15.—Germany would a-wooing go. The young Teutonic republic, just over sowing her Spartacan oats, proposes to be "steady hereafter," and as the object of her serious courting, she has selected America.

Count von Brockdorff Rantzau, the democratic foreign secretary with blue blood, sent out the first "billet doux" today. It was in the form of a statement, which he said was Germany's "message to the American people." Here it is:

"It is my conviction that in the future Germany will require America's mental and material support to the greatest extent in the reconstruction of our economics which have been driven to the verge of ruin by the war and the revolution.

"Germany will accept this support willingly because she has no political detriment to fear from America. America is not making territorial demands from Germany, nor loading us down with political mortgages.

"We must reach an understanding with America on colonial questions. The American people are capable of giving us more than economic benefits. The new German constitution contains parallels to the American Constitution American statesmen and jurists may give us important assistance by guiding us in the execution of that constitution."

"Who will represent Germany at Washington after peace is signed?" he was asked.

"That has not yet been finally decided," he answered. "I am not disposed to forestall President Ebert's decision."

THE PRICE OF PEACE

Will be Shown Sunday at the Richmond Theater—Music by Navy Orchestra.

The news item in yesterday's Gazette that "The Price of Peace" would be shown on next Sunday at the Richmond Theatre has attracted wide attention and the Alexandria Victory Liberty Loan Committee has been requested to have the picture shown more than once. This being the federal governments record of the American in War for Peace on French soil is thrilling in action and quickens the patriotism of every American. It shows the squadron of aeroplanes, of which Quentin Roosevelt was one of the aviators, rising form earth to go forth into areial battle. It shows the courageous, almost superhuman charge of the Marines at Belleau Woods. You see the actual battle and get a motion picture view of these real fighting men in their job for Peace.

Everything is shown from embarkation of the men and women in this country to the work of the Army of Occupation in Germany. The audience will see great American batteries firing into German lines and other equally thrilling scenes all of which show American valor.

This picture is owned by the United States Government and will be shown free of cost to all citizens at the Richmond Theatre on next Sunday. Music will be furnished by a United States Navy Orchestra.

WANT BIG TAX ON CARNIVALS

Retail Merchants' Bureau Ask Council to Increase License

The Retail Merchants' Bureau of the Chamber of Commerce following a general discussion of circuses and carnivals coming to Alexandria at a meeting last night appointed a committee to wait on the city council at the next meeting of that body and urge that a license tax of $200 per day with an additional $25 daily for every side show be put into operation.

A committee of five was named to appear before council and urge the enactment of such a measure. This committee is composed of R. A. Steele, C. B. Swan, H. Friedlander, S. Bendheim and J. M. Reed.

It was stated among those present that such things demoralize the business of regular licensed merchants and business men of the city.

FOR DISTRICT ALMSHOUSE

Movement For Regional Institution to Accommodate the Poor

COST OF OUR SYSTEM

Some Counties Are Paying Board of Paupers in Country Homes—Alexandria's "City Farm" Could be Sold

Delegations from the Boards of Supervisors of the several counties composing the Eighth Congressional district and members of the City Council of Alexandria met today in the rooms of the Chamber of Commerce for the purpose of considering a plan for instituting a district alms house in which the poor of the entire section could be ensconced. Should the plan crystalize, the poorhouses in the various counties would be abolished, and persons unable to earn their livelihood would be sent to the general institiuton.

The delegations after a morning session adjourned to meet again this afternoon.

At this morning's meeting addresses were made in which the great cost of maintaining separate poor houses was shown, and it was stated that certain counties had closed such institutions and paid the board of indigents in country homes.

"The poor ye have with you always were the words uttered long ago, and every city and county realizes that this class is often the source of considerable expenditure.

According to statement made recently in the board of Aldermen it costs approximately $5,000 a year to maintain the Alexandria poor house, to say nothing of the interest on the money or repairs which the structure is always inviting.

Should the City Council of Alexandria with the Boards of Supervisors of the counties deem it wise to erect a structure at some central point in the district each city and county will contribute to the same according to its population while they will be taxed according to the number of indigent people they may place in the institution. It was suggested that Alexandria instead of expending $5,000 yearly might get off with about $1,200. The value of our poor house property is being enhanced all the time.

GETHSEMANE TO GOLGOTHA

Will be Presented By Choir of St. Paul's Church Tonight.

The choir of St. Paul's P. E. Church tonight at 8 o'clock, as previously announced in these columns, will present Turner's Gethsemane to Golgotha under the direction of Sherman B. Fowler, organist of that church.

The soloists will be Mrs. Harrie White, soprano; Kenneth Ogden, tenor; Wilmer J. Waller, bass; J. Harris Franklin, bass.

A silver offering will be taken.

It is expected that a large assemblage will attend.

TO ARRANGE FOR PRIMARY

City Democratic Committee Will Meet Tomorrow Night

A meeting of the city democratic committee will be held at 8 o'clock tomorrow night at the office of Howard W. Smith when arrangements will be made for the democratic primary, which will be held next Tuesday for the purpose of nominating a candidate for Congress from the Eighth District to fill the vacancy caused by the resignation of Representative Charles C. Carlin. Efforts will be made by the committee to get out the full democratic vote on that day.

WOUNDED BY NEGROES

Shot Above Heart, he Speeds Auto to Head off Assailants.

With blood streaming from a bullet wound just above his heart and with his left hand useless, John Metzerott, 18 years old, son of Dr. J. H. Metzerott, of Washington, drove a machine from Berwyn, Md. to the Emergency Hospital, where he fainted on the doorstep from loss of blood. Young Metzerott was carried into the Hospital and then began a heroic fight for his life.

Three negroes, Elmer Cox, his wife, Elsie, and Wilbur Neal, are charged with shooting the lad. They were arrested late last night at Bladensburg road and Mills avenue northeast while bringing into the District a machine loaded with fifteen cases of liquor.

They will be turned over to the Maryland police after they stand trial on the liquor charge.

According to the story told the police by Dr. Metzerott, he and his son had gone to their farm, just east of Berwyn, to do some work. Their machine was parked in a patch of woods near the road.

Suddenly the purr of a swiftly traveling machine was heard. Occupants of the machine were shooting fircarms. The machine drew near the Metzerott car and three negroes got out. One of them disappeared in the direction of the Metzerott car

His suspicions aroused, the doctor started to investigate. His son ran ahead, and, as he neared their car, a negro, who had been concealed in the front of the machine, leaped out whipped a pistol from his pocket and fired at the boy. The negro fled to the waiting machine and escaped. A rear tire was found partially demounted from the Metzerott machine.

Dr. Metzerott is unable to drive a machine and it was up to his son With his left hand disabled, blood streaming from his wound, he drove the nineteen miles to Washington

"STOCKING-UP" PROCESS

Supreme Court Decision Hits Blow at Plans

Persons who have been arranging to "stock up" with considerable quantities of liquor before the war time prohibition and constitutional amendment go into effect may be brought to grief by a decision which the Supreme Court handed down yesterday. The court held that "stocking up" will be unlawful if a law should be passed limiting the amount which any individual may have in his possession.

It is believed here that as a result of the decision Anti-Saloon League leaders will attempt to have Congress pass a law fixing the limit which may be kept on hand. If this were done it would strike an effective blow at all efforts to lay a large supply in store against the day when the prohibitory measures are enforced.

Another decision, also handed down yesterday, brings a slight ray of joy inasmuch as it holds that the Reed bone-dry law does not prohibit transportation through, but only into a dry state.

Some hope also is seen in that attorneys about the court pointed out that the decison on "stocking up" was made on Georgia case and contended that case dealt with the exercise of a State's police power while the arrests under national prohibition would come under authority of Federal enactment.

PROGRAM FOR ST. MARY'S

Special Services During Holy Week and Easter Sunday.

The program for Holy Week and Easter services at St. Mary's Catholic Church has just been completed by the pastor, Rev. Louis Smet. It follows:

Wednesday at 7:30 p. m., instruction followed by benediction of the most blessed sacrament.

Holy Thursday high mass will be sung. Immediately upon its conclusion the celebrant of the mass, preceded by a procession of the children strewing flowers in the way, will bear the blessed sacrament from the high altar around to the interior of the church to one of the side altars, where it will remain until Good Frday morning.

During the procession a specially trained choir of altar boys will render "Pange Lunga."

The procession represents Our Lord's going from the scene of the last Supper to pray and to suffer this agony in the Garden of Olives. At 7:30 o'clock there will be a sermon by Rev. Father Smet.

Good Friday—Service begin at 8 a. m. The Gospel account of Our Lord's suffering and death will be read in English. The blessed sacrament will be carried in the procession back to the high altar. 3 p. m., stations of the cross; 7.30 p. m., sermon by Rev. Father Ooghe, S. J.

Holy Saturday—Services will begin at 7 a. m., and mass will be celebrated at 8 a. m.

PASSOVER AND EASTER

Two of the greatest of religious festivals—the Jewish Feast of the Passover and the Christian's Easter—come within a week of each other this year. The Passover services began at sundown yesterday; Easter will be celebrated next Sunday.

The Passover has been observed by the descendants of Abraham during the past thirty-five hundred years. Services appropriate to the occasion were held in Jewish temples and synagogues throughout the world last night. Following the reformed rites there were observances this morning, which concluded the services of the Passover proper until the last of the eight days, when similar ceremonies will be held. The ancient orthodox rites call for services on each of the eight days.

The feast, commemorating the freedom of the Jews from the bondage of the Egyptians, is marked with a peculiar significance this year because of the great strides made toward the establishment of a Jewish homeland in Palestine. For this reason the family reunions, always a feature of the season, will be especially joyous. They will be further enlivened by the presence as guests of many Jewish soldiers who composed a large percentage of the armies of the allies and their antagonists.

Easter bells will ring out again next Sunday. This festival will be one of joy to millions, many of whom have been soldiers, while others are still serving their respective countries. While the Easter bells were ringing last year the civilized world was passing through terrible anxiety. The allies were fighting with their backs to the wall, while their fierce antagonists were engaging in smashes, forcing the allies back. Foch, like Stonewall Jackson, was invoking high heaven to bring victory to the armies he was commanding, while millions of anxious souls mingled their thanksgiving peans with supplications in behalf of the allies. Their cries entered the ears of the God of Sabaoth, and seven months later the haughty Huns were suppliants at the feet of the man who never lost faith in prayer.

"OUR BACKS TO THE WALL."

One year ago yesterday the world—the world arrayed against Germany—was electrified by the issue of Marshal Haig's order to his troops in which occurred the words: "With our backs to the wall, and believing in the justice of our cause, each one of us must fight to the end."

The great German offensive had then been in operation just three weeks, and all the ground the British had gained by the laborious and bloody campaign of the Somme in the summer of 1916, and a good deal besides, had been occupied by the Germans, who were headed for the British Channel. But the Channel was still remote from them, and Marshal Haig could say that in spite of the most reckless sacrifices of human life the enemy "has yet made little progress toward his goals."

"Many among us now are tired," said the British Marshal. "To those I would say that victory will belong to the side which holds out the longest. The French army is moving rapidly and in great force to our support. There is no other course open to us but to fight it out."

As the Philadelphia Record says "the situation was not critical in the sense that the result was in any doubt. The Germans could throw against any given point in the wall of steel and fire that shut them out of Paris and the British Channel more troops than the Allies had at that point. But the Allies had a good many more troops altogether than Germany had, and their resources were vastly greater. If Marshal Haig said to his men: Many among us are now tired, what was the condition of the German forces; were they not tired, too? Were they not suffering greater casualties than the Allies, who were on the defensive?

"In fact, there were such evidences of deterioration in Germany as to make it certain that Germany was making its last rush, seeking by wieght of numbers and reckless disregard of caualties to win before the fighting season should close, because it knew that it could not go through another war winter."

SHADOW OF BOLSHEVISM

Can the Bolshevist nightmare, which is paralyzing the Peace Conference and threatening Europe with utter collapse, be conjured, or is Europe destined to go down this summer before the delirium, wiping out a thousand years of carefully built up civilization?

The Marquiso of Lansdowne, who two years ago was the first to have a vision of what is now happening in Europe and was branded a "defeatist" for telling the world of his vision, puts the above question now with the daily accumulating weight of grim truths to back him up.

There is a feeling in the civilized world that Bolshevism outweighs the Peace Congress as the most burning world issue. All sources tend to confirm the pessimistic statement recently sent out from Paris that "Europe stands on the verge of ruin unless a miracle saves it."

The week just passed has seen a British call for a volunteer army to release the beleaguered allied forces, at Archangel; it has seen the evacuation of Odessa—the only reverse suffered under Foch's command since the beginning of his triumphal July offensive—and even a grave menace to British security in Egypt which may not be unconnected with Bolshevist propaganda.

What is the significance of these cumulative events, each piling higher the menace of new disaster to war weary Europe.

Bolshevism is in evidence in the United States. It has appeared in sundry forms and is being propagated silently. The younger generation especially are being infected with this spirit of outlawry. It is seen in schools and often within the family circle. The times are perilous, and those who have the temerity to glance into the future see still more perilous times coming should the wave of disorder continue to encroach upon civilization.

CHRIST IN DEEDS

Christianity has split up into many sects, varying more or less widely in formal creed, but the war of supreme sacrifices and horrors opened the eyes of those who participated in it to the fact that they differed more in words than in one great fundamental. In the storm of the war the one figure which stood out as the only figure of spiritual importance to those of Christian antecedents was the figure of the Nazarene. All the elaborate theologies of the ages fell away. There remained but the Elder Brother of humanity, infinite in compassion and mighty to save.

The representatives of the churches got back to unity of spirit in the battle area. There was a truce of God. All of them virtually adopted the working motto of the Salvation Army as given recently by Miss Evangeline Booth in explaining the secret of success of an organization which religious aristocrats at one time regarded with condescension, if not contempt. After all, it is very simple as most great things are. It is "Christ in deeds."

The golden rule, not in words, but in acts; not in "social implications of the gospel" nor in fine spun theological implications, but in direct service. "Christ in deeds" is what the world needs and what is asks from Christianity. The Salvation Army has been a success because it has made this simple rule its guide and has cared more for the heart of religion than for its husk.—(Baltimore Sun

SEE BILL TURN A CORNER

Editor,
Dear Sir:

From seven to seven-forty-five Friday evening I was, with others, waiting at the Union (formerly Spring Park) Station of the trolley road for a sufficient let-up in the down-pour to enable me to get across the 300 yards to the steam station without getting soaked.

An auto was in the street in front of the Spring Park station during this period.

A soldier without overcoat, with a gold service and wound stripes, walking with trouble with the aid of a cane and carrying a heavy kitbag, got off the trolley and after waiting in the shed a few minutes walked out to the auto. After talking to the chauffeur a moment or two he limped off in the rain to the steam station. The car then went slowly after him to the station, turned round and came back to its post at Spring Park.

At 7.45 I waded to the railroad, my train being due at 8.07. At the depot I found the soldier, thoroughly wetted, and learned that he was on his way to Camp Lee for treatment for shrapnel wound in the left ankle after a ten day furlough, that he had offered the auto driver up to $1 for the 300 yard ride but without result.

The above statement of fact is submitted without comment.

Respectfully,
Arthur R. Butler.

Some favor for the league of nations abroad is based on the assumption that it is the business of Europe to keep America out of war.

Holland a few years ago might have hesitated about calling on Wilhelm to pay taxes like an ordinary mortal.

Even should there be some slight demonstration when he called a strike, Debs would not be there to see it.

EGYPT WANTS SELF-RULE

Will Present Claims to Peace Conference—Cziro Populace Restive

London, April 15.—A deputation of Egyptian Nationalists, recently released by Gen. Allenby, left Cairo Friday for Paris, where they will present their claims to self-determination, according to a news agency dispatch.

British troops in Cairo were considerably stirred by the murder of five British soldies at the hands of natives. The troops are showing admirable restraint in their dealings with the population, however, and there has been a cessation of the recent troubles.

A number of Armenians have been killed by the Egyptians, who maintain their antagonism against the people they term "foreigners and usurpers."

The economic situation in outlying provinces has become acute as a result of robbery and pillage of food trains. Fears are expressed for the safety of the British expeditionary force if the food situation is not met satisfactorily.

BAIL DENIED SLEUTHS

Prohibition Inspectors Accused of Killing Two Men Lose in Court

Winchester, Va., April 15.—Circuit Judge Frank B. Whiting yesterday denied bail to Prohibition inspectors Hall, Sweet, Duneavy and Sullivan, charged with killing Raymond Shackelford & Lawrence Hudson, of Petersburg, when they endeavored to avoid arrest at Fisher's Hill March 26 for transporting 20 cases of liquor from Baltimore to Camp Lee, Va.

The inspectors, after a preliminary hearing recently at Woodstock, were taken to jail at Fredericksburg because of fears of violence. Commonwealth Attorney Williams of Shenandoah county, preferred charges of murder against the inspectors. A special grand jury will be summoned for May 12 at Woodstock to consider their cases. Judge Whiting's decision followed a review of the evidence at the preliminary hearing.

WOULD UNITE CHRISTIANS

Preparations Being Concluded in Rome for Delegates

Rome, April 15.—Preparations were being concluded by various groups today for reception of the church delegates who visited America and the countries of Europe preliminary to arranging a pan-Christian congress to unite all churches.

The delegates are due to arrive here shortly, and will immediately communicate with Pope Benedict with a proposal that the Catholic Church join the other denominations with a view to harmony with the world's Christians.

La Epoca publishes an interview with a high Vatican official declaring that the Holy See should not adhere to the proposed Congress because of the recognized dogmatic character of the Catholic Church.

SEASICKNESS HER JINX

French Girl's Plan to Pose as 'Negro Stevedore" to Wed Yank Here Fails

New York, April 15.—The transports K. I. Luckenbach Turrialba and Hisco arrived here yesterday from France, bringing 2,509 officers and enlisted men. 88 army nurses and one "negro stevedore," who proved, en route to be Mlle. Alexandria Boyer, of Marseilles, bride elect of Michael Black, of Munice, Ind., a first class boatswain's mate.

Mlle. Boyer traveled incognito for the first two days until, according to soldiers on the Luckenbach, she became seasick and so pale that her heavy coating of burnt cork failed longer to deceive the boat's officers. She made the rest of the trip in the isolation ward and was turned over to immigration officials on her arrival.

Her fiance, who arrived in the "brig,' asserts the marriage, which was blocked in France by lack of time to go through the French "red tape," will be solemnized as soon as he can persuade immigration officials to release her and naval authorities to release him.

WORSE THAN DEADLY POISON GAS

Kidney disease is no respector of persons. It attacks young and old alike.

In most cases the victim is warned of the approaching danger. Nature fights back. Headache, indigestion, insomnia, lame back, lumbago, sciatica, rheumatism, pain in the loins and lower abdomen, difficulty in urinating, all are indication of trouble brewing in your kidneys.

When such symptoms appear you will almost certainly find quick relief in GOLD MEDAL Haarlem Oil Capsules.

This famous old remedy has stood the test for two hundred years in helping mankind to fight off disease.

It is imported direct from the home laboratories in Holland, where it has helped to develop the Dutch into one of the sturdiest and healthiest races in the world, and it may be had at almost every drug store. Your money promptly refunded if it does not relieve you. Be sure to get the genuine GOLD MEDAL Brand. In sealed packages, three sizes.

DRY AGENTS' CASE

Announced in Winchester That Superior Judge Would be Asked to Fix Bail Bond

Winchester, April 15.—Now that Judge Frank B. Whiting, of the Circuit Court of Shenandoah county, has denied the petition for bail for Inspectors Hall, Sweet, Sullivan and Dunleavy, of the State Prohibition Department, it was understood here that their attorneys will present an application to one of the judges of the Supreme Court of Appeals in the hope of getting the men out of jail until the grand jury meets at Woodstock on May 12. The officers are held in jail in Fredericksburg in connection with the shooting and killing of Raymond C. Shackelford and Lawrence D. Hudson, alleged bootleggers, of Petersburg, early on March 26, after being held up at Fishers Hill while transporting 20 cases of whisky from Baltimore to Petersburg. The charge of murder was preferred against them by Commonwealth's Attorney Williams, of Shenandoah county. Although it is only a month until the time the grand jury meets at Woodstock, it is said the State Prohibition Department intends to get the men released on bail, if possible, and the only course it can pursue is to apply to a judge of the State Supreme Bench.

FISH IN RAPPAHANNOCK

Fredericksburg, Va., April 15.—Fish are running in the Rappahannock river in greater numbers than for years. From Westland wharf a few evenings ago 782 boxes of fresh fish were shipped on one steamer, representing nearly 200,000 pounds. This is said to be the largest single shipment of fish ever sent from the Rappahannock river. The river is swarming with herring and during last week the nets have filled up as fast as they could be emptied. The packing houses are getting all the fish they can handle and there will be a full output both of canned fish and canned roe, as well as corned and cured herring. Herring which this time last season brought $20 a thousand, sold this week at $4 a thousand.

MRS. HEARST DIES

Mother of Prominent Publisher Succumbs to Influenza Complication.

San Francisco, April 15.—Mrs. Phoebe Apperson Hearst, died yesterday afternoon at her residence, the Hacienda del Pezo de Verona, Pleasanton. Pneumonia following an attack of influenza was the cause.

Mr. and Mrs. Willam Randolph Hearst were at her bedside when she passed away. Three physicians had been in constant attendance for several days.

Mrs. Hearst was taken ill on March 20. The severity of the attack and her advanced age caused her physicians to summon her son immediately from New York.

Says Phosphates Make Beautiful Women and Strong Healthy, Vigorous, Robust Men.

Physicians all over the world are prescribing phosphates to build up run down enemic conditions and those who have treated their patients with Argo-Phosphate are changing thin, anemic women with toneless tissues flabby flesh, into the most beautiful rosy cheeked and plump round formed women imaginable.

Atlanta, Ga., Dr. Jacobson said in a recent interview that 90 per cent. of anemia comes from nervous breakdown which can only be corrected by supplying the necessary phosphates to the nervous system that is lacking in the food you eat, and this can be quickly supplied by taking one or two 5-grain Argo-Prosphate tablets after each meal, and at bed time. It will in many cases make a pale scrawncy face the picture of health in a few days, I have seen women that I expected would have to be kept under treatment for months restored to perfect health in one or two weeks time.

SPECIAL NOTICE. The Argo-Phosphate recommended by Dr. F. H. Jacobson contains phosphates such as are prescribed by leading physicians throughout the world, and it will be found the most effective form for treating patients with Nervous Dyspepsia, Stomach troubles, Brain Fag, and Nervous Prostration. It will renew youthful vim and vigor, and build up the whole body. Argo Phosphate is dispensed by Richard Gibson and The Rexall Store. Free sample mailed by the Argo Laboratories, Atlanta. Ga.

BANDIT CHIEF KILLED

Zapata and Followers Surprised by Carranza Cavalry

Mexico City, April 15.—Emilio Zapata, the strongest and most successful of all the bandit chiefs in Mexico, has been killed it was officially announced yesterday.

Gen. Pablo Gonzales, who restored order in the State of Morelos—Zapata's stronghold—a few months ago reported to President Carranza that Zapata had been shot by Col. Jesus Gualfardo.

The latter's cavalry surprised the bandit and his followers, killing many and scattering the others. Zapata's body was taken to Gonzales' headquarters, where it was fully identified.

For years Zapata was virtually dictator of Morelos, which is within a day's march of Mexico City, At one time he actually invaded the capital escaping with a quantity of booty.

Insure the home NOW—don't delay another day. This is the season in which most fires occur. Insuring through this agency means ABSOLUTE PROTECTION at regular rates.

Changes in Telephone Rates for Alexandria, Va.

Effective May 1st, 1919

On August 1, 1918, the Federal Government assumed control of the property and business of The Chesapeake and Potomac Telephone Company, of Virginia, and, at the same time, directed the Company management to continue the operation under Government supervision. The Act under which the business was taken over provides that the corporation shall receive only just compensation for the use of its prperty.

The compensation to the Company having been fixed by contract, all revenues now collected for telephone service belong to the Government. With the increased cost of operation due in part to the war, the present rates in Alexandria do not produce revenues sufficient to provide its proper proportion of the compensation, or, in fact, to produce an appreciable return on the investment.

To meet the situation, the Company prepared and submitted to the Operating Board, U. S. Telegraph and Telephone Administration, a revision of rates, which after careful consideration, was approved by the Federal authorities.

The new rates for service in Alexandria are as follows:

CLASS OF SERVICE	New Rates Per Month
Individual line business Flat Rate	$4.25
Two-party line business Flat Rate	$3.50
Four-party line business Message Rate, 50 mesages per month	$2.50
Rural line business Flat Rate	$2.50
Individual line residence	$2.50
Two-party line residence	$2.00
Rural line residence	$2.00

DRY ERA BEGINS APRIL 30

Commissioner Peters Announces Early Abolition of Druggist's License

Richmond will go absolutely dry on April 30, Commissioner Prohibition J. Sidney Peters having announced last week that he will decline to approve the application to the Hustings Court for a renewal of the license under which Druggist H. M. Sheilds conducts the only dispensary in the city where whisky may be obtained for medical purposes.

The reason assigned by Commissioner Peters for his change in policy is that the physicians in Richmond and the immediate vicinity have failed to give the co-operation the department requested in seeing that the spirit of the law is not violated.

The law provides that a physician may give a prescription for whisky if he makes affidavit that he has made a personal examination of his patient and has found that he actually needs the liquor as a medicine. Large numbers of prescriptions filled at the drug store have led the department to believe that the statute is being violated.

"Once a license is granted, the situation passes beyond my control," Commissioner Peters said. "I am unwilling to take the responsibility for such excesses as have been committed. I have no complaint to make of Druggist Shield, who, I believe, has complied with the law as far as he could, but the records show that fifty physicians, not all of them Richmonders gave more than fifty prescriptions each during the month of December."

The Shield Drug store is the only one in Richmond ever to have received a license to sell whisky since the prohibition act became effective. It has had this privilege about a year.

Judge D. C. Richardson, of the Hustings Court, stated that the report that he had determined not to grant H. Mercer Shield, druggist a license to sell liquor, at the expiration of his present license on April 30, was incorrect.

Judge Richardson said that he had expressed the opinion that there was some doubt as to whether a license could be granted for sales after July 1, but further than this he had not considered the question. The judge further stated that under the law he had no power to issue a new license to Mr. Shield unless the State Prohibition Commissioner so recommended.

GIVEN SALARY INCREASE ..

New Wage Scale for Employees of American Express Announced ..

Washington, April 15.—Wage increases, averaging about $15 a month for approximately 69,000 employes of the American Railway Express Company, were announced last night by Director-General Hines. The increase represents an advance of $25 a month above the wage scale in effect January 1, 1918.

The director-general also raised the wages of 12,000 sleeping and parlor-car employees $25 a month above the basic minima in effect Jan. 1, 1918. Since approximately half of this sum was awarded by the general wage increase of last year, the net addition of this order will be the remainder, or about $12.50 per month.

Wages of 10,000 dining-car employees were advanced $25 above the basic monthly minimum in effect anuary 1, 1918. This will yield approximately $8 a month, additional to each employee, since two-thirds of this $25 increase was taken up in the general wage advance last year.

The wage orders are to become effective at once.

The express employees applied more than six months ago for more pay, and in some localities threatened a strike. Later they presented their case to the War Labor Board, but withdrew it when assurances were given by the director-general that the railroad administration's board of railway wages and working conditions would take up their case. About that time the American Railway Express Company was taken over for operation by the railroad administration.

10,000 ENEMY ALIENS FREED

Ordered Released From Parole and Bonds Canceled.

Washington, April 15.—Putting into effect the policy of removing war-time restrictions as fast as possible on enemy aliens, the Department of Justice have ordered the release from parol and cancellation of bonds of more than 10,000 of these aliens throughout the United States.

As fast as their records can be examined in Washington, orders for removal of restrictions are sent to United States attorneys. Some enemy aliens will continue to be held under restrictions and bond until peace is declared, however. This applies only to the aliens arrested during the war and subsequently paroled, and not to those interned.

REFUSED CITIZENSHIP

Two Japanese Served in U. S. Navy; Court Ruling Record

Seattle, Wash., April 15.—What is said by government officials to be the first time the question has been decided in the United States two Japanese yesterday were refused American citizenship in the Federal court, in Seattle, despite many years service in the United States navy.

The Japanese, Teda Sato, cook for Capt. Harry A. Fields, commandant at the naval station, Puget Sound, and Eichachi Katsuya, steward, also stationed at Bremerton, based their claim to citizenship on a law passed during the war permitting the naturalization of aliens in military service.

Judge Charles E. Wolvertons of Portland, sitting for Judge Jeremiah Neterer, however, ruled that the act denies citizenship to other than white men, persons of African birth or descent, and Filipinos and Porto Ricans.

$60 WAR BONUS PLANS

Department Arranges to Speed up Work of Paying Claims

Doughboys who have been waiting to hear from the War Department regarding their bonuses will receive their checks for $60, drawn on the Treasury, within a very few days—at the most two or three weeks—it was learned last night on good authority.

The Quartermaster General's office has been applying itself steadily to this task for weeks, and an extra force of employes has been detailed to clear up the work with as little delay as possible. It is estimated that at the rate things are moving the accumulation of claims that has swamped the department will have been all paid up by the end of the month. This applies, of course to valid claims presented in accordance with published instructions, and in which there are no irregularities to hamper the usual course of procedure.

THE PROHIBITION ISSUE ..

Virginian Sounds Note of Alarm on Present Day Conditions ..

James L. Kilgore, of Round Hill, Loudoun county, Va., who occasionally contributes articles to a Baltimore paper, has the following to say on the prohibition question, now the prominent issue of the day:

"I asked some time ago if a Christian could be a prohibitionist? It was a terrible and soul-stirring question and it remains unanswered. I would like to ask another question. Can a patriot be a prohibitionist? And by patriot I mean one who does not weigh consideration of self, of party or of sect for a moment against the good of his country.

I take it that the greatest misfortune that can happen to a people is for it to lose respect for law and religion. It has often happened in times past, and has always been attended with the direct consequences. It happened in France, and the horrors of the French Revolution followed in its wake. The greatness of Napoleon was never more strikingly displayed than when he recognized that a nation could not live without a religion and had the priests brought back. It happened in England, and the wild license of the days of Charles II came when, to quote Green, the daughters of eminent Puritan preachers danced on the public stage in lascivious dances to show their scorn of their own father's teachings.

"Strange to say, these conditions have been brought about, not by the ungodly, but by the preachers of religion themselves. Forgetting their true function and grasping at power by getting control of the machinery of government, they have hurried the world straight into infidelity.

"Just that condition exists with us today. Our religious leaders have stopped preaching Christ and have become politicians and stump speakers. By the irony of chance the publicans and sinners are fighting a desperate battle for liberty and religion, and those who should be the spiritual guides of the people have allied themselves with the darkest, the most sinister, the most dangerous conspiracy against freedom that ever appeared in America or any other country.

"They say they will reform the world with the lash and lead the people to Christ with halters.

"Now, this is no tirade against preachers. All my instincts lead me to their side. My only brother is a preacher. I have an illustrious church ancestry. I myself have always been a church-goer and a church-worker. When they confine themselves to their proper sphere they do the noblest work in the world. But I know that when they commence to grasp at worldly power they are the most dangerous of all people.

"There are certain days in history that stand out from all other days for their peculiar infamy. On such a day Christ was hounded to the cross; Charles I was dragged to the scaffold; Joan of Arc was burned at the stake; Paris ran red with blood on St. Bartholomew's Day. All these things were brought about through the machinations of ambitious religious leaders. We will hope that the day this prohibition amendment is worked into the Constitution of the United States will not be one of those black days in American history. But if that spirit of autocratic domination that put it there is not checked now it will be.

"Autocracy is a word hateful in American ears. Let the spirit of anarchy and infidelity take hold of her and she is lost. In its train will come fire and sword, red ruin and the breaking up of laws."

MONROE DOCTRINE UPHELD

League to Include Belligerents and Neutrals Signing Document

Paris, April 15.—An official summary of the revised covenant of the league of nations issued Saturday night makes specific mention of the Monroe Doctrine with respect to its bearing on the future activities of the league. It says:

"The covenant does not affect the validity of international engagements such as treaties of arbitration or regional understandings like the Monroe Doctrine for securing the maintenance of peace."

The league, says the statement, will include all belligerent and neutral states named in a document annexed to the covenant and "in the future any self-governing country whose admission is approved by two-thirds of the states already members of the league."

Providing it has kept its obligations a state may withdraw from the league on giving two years' notice and states which signify their dissent, from amendments approved by all the states on the council and a majority of those in the assembly, are not bound by them, but in such case cease to be members of the league.

Mandatories for the German colonies and the territories of the Ottoman empire are provided. These colonies and territories are to be administered by states willing to be mandatories of the league, which will exercise general supervision.

WETS HAVE NEW HOPE

Possibility That July 1 Prohibition Law May be Rescinded.

A few last weeks of joy for the wets between wartime and peace time prohibition are possible anti-prohibition advocates believe.

Wartime prohibition, due to go into effect July 1, provides that it must be continued until army demobilization is complete. It is now believed that this demobilization can be low enough by late next fall at least to lift the wartime ban. Should this be the case, the prohibition bid would be cut off in districts that are now "wet" until the whole country finally goes dry next January.

Just what figure army discharges must reach before the war time prohibiton can be lifted is up to the President. At the present the army numbers about 1,900,000, and it is not believed the demobilization can be considered complete until it is decreased to somewhere near the 500,000 figure, now being advocated as the peace time strength of the army. This should be accomplished by September, according to the present pace of the War Department transport service. As yet no recommendations have been made to the President by any official sources on any change in the prohibition plan, it was stated yesterday.

Should Congress, however, decide this summer on a smaller army than the 50,000 the War Department asks, that would further remove the date of demobilization and probably crush "wet" hopes.

WEATHER HALTS FLIGHT

Pilot Hawker Ready to Start in Sopwith Machine—Fog Prevents.

St. Johns, N. F., April 14.—Despite continued unfavorable weather, feverish preparations were being made yesterday afternoon at the hangar, which houses the plane in which Pilot Harry Hawker expects to make the trip across the Atlantic.

The huge Sopwith machine was still held back by a strong southeast wind and heavy rain. A thick fog enveloped the city. Nevertheless, Hawker's plane was taken out upon the field and the pilot and navigator stood ready to take their posts the moment there was any sign of change in weather conditions.

Officials of the Sopwith Airplane Company showed tense anxiety because of the adverse weather which is delaying the start. Prospects that further postponement will be necessary are causing grave concern.

Despite the rain and fog, Mr. Morgan had his gang working all day erecting the Martinsyde plane in which he will essay the flight across the Atlantic.

Morgan expects to be able to start alongside Hawker when the weather calms.

RICHMOND—"Never Say Quit."

Have you ever seen a jinx at work? Maybe once or twice the jinx has tried his malicious pranks on you. But never has he been so consistently wicked as in "Never Say Quit," the William Fox comedy which will be shown for the first time today at the Richmond Theatre.

George Walsh plays the hero in this fun packed picture. By no effort can he dodge the bad luck which follows him from the Friday on which he was born.

Pathe News also will be shown.

GRAND THEATRE

William Farnum in a spectacular and impressive film version of Wilson Barretts sublime drama "The Sign of the Cross" one of the most notable subjects ever produced by Paramount, will appear at the Grand Theatre tomorrow.

Fred Stone, the screen's athletic star and famous actor of "The Wizard of Oz," and many other stage successes, will be the attraction at the Richmond Theatre tonight in "The Goat," a great laugh producing picture.

YOU MEN WHO PAY THE FAMILY SHOE BILLS

Tramping 18 miles a day, Mr. H. M. Foreman, a mail carrier of Allentown, Pa., found that shoes with ordinary soles last about one month. But he says a pair of Neolin-soled shoes gave him more than nine months of service, in which time he walked over 4,000 miles.

His experience shows how you may save shoe money by providing your family with Neolin-soled shoes, which give extra wear where other shoes wear out quickest.

You can get Neolin-soled shoes in any type of shoe you want. Prices are about the same as for shoes that give only ordinary wear, sometimes they are even less. If your dealer hasn't the style you want, he can get it for you quickly. Remember, Neolin Soles are created by science to be what soles should be. They are available everywhere for re-soling as well as on new shoes. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear any other heels.

KILLED HIS WIFE

Shenandoah, Pa., April 15.—One of the most cold blooded murders in the history of this section occurred Saturday night when Frank Congus, 27 years old, walked up behind his wife, Ella, 25, years old, as she was going home with her mother, Mrs. Elizabeth Dower, at Turkey Run, and fired three shots at her. The first missed, but the other two took effect, one bullet entering her back and passing out her chest, while the second struck her in the left shoulder and passed through the body in the region of the heart. When she received the second bullet she shouted, "I am fatally shot; goodby; mother," sank to the street and soon died.

Congus, with revolver in hand, threatened five villagers who attempted to capture him, escaped in the darkness and still is at large, despite local, county and State police on his trail. The couple were married five weeks here last November and parted five weeks ago owing to domestic troubles the young woman going to live with her mother in Turkey Run.

PRUSSIANS FAVOR BAVARIA

Minister Lipp Predicts General Strike in Case of Break.

Berlin, April 15.—"If Prussia sends soldiers against Bavaria there will be a general strike in Prussia," said Frank Lipp, foreign minister in the new government at Munich, according to a dispatch form that city.

"Wurttemberg is forming an alliance with Bavaria against Prussia," added Minister Lipp.

In Brunswick strikers today attacked government troops, demanding recognition of the Russian Soviet government, the retirement of Ebert Scheidemann, Lansberg and Noske abolition of militarism, dissolution of the national assembly and the creation of a revoluntary army.

The anti-Semitic movement is growing.

The peasant leader Gaudorfer is quoted as saying: "The peasants are against Bolshevism. They want work, food, peace and raw materials."

GENEVA LEAGUE SEAT

French Bitterly Criticise Wilson for Disapproving Brussels

Paris, April 15.—The French press yesterday contained bitter criticism of President Wilson because of his advocacy of Geneva as the seat of the league of nations. Several newspapers would make President Wilson absolutely responsible for the defeat of the proposal that Brussels be made the league seat.

It was authoritatively stated yesterday, that a subcommittee of the peace committee composed of representatives of the United States, England, Japan and Italy decided to conduct the labor of the league at Geneva. Eight other nations in full committee voted the same way, Among the latter was Serbia.

The final decision to make Geneva the seat of the league is believed to have resulted from Lord Robert Cecil and President Wilson having particularly stressed the city's atmosphere and the fact that Switzerland had maintained such absolute and unswerving neutrality during the war. Another consideration in favor of the Swiss city was the argument that the league seat should not be situated where it might come under domination of any particular country seking to favor itself.
